

remember

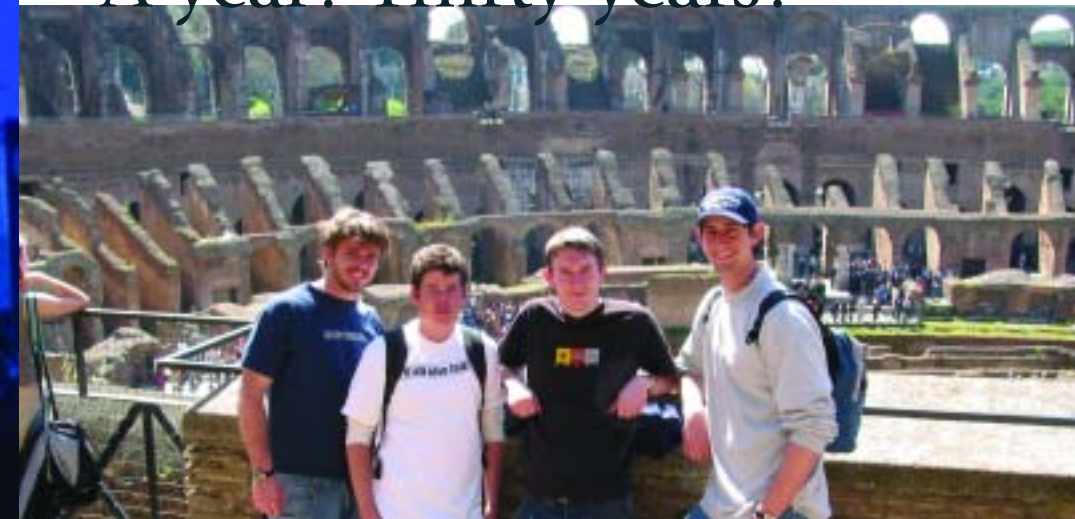

...the sleigh ride on that first cold winter evening; your coat pulled up around your ears?

...the haunting toll of the Dom's bells as you meandered the cobbled, narrow alleys of Altstadt?

...strolling the Salzach River, marveling how a foreign land could so immediately feel like home?

Do you remember the magic of Salzburg?

How long ago was it?
A year? Thirty years?

You can probably still close your eyes and feel it all again, because a **part of you remains in Salzburg. Forever.**

Did you meet your best friend there, bonding as only two people sharing an experience abroad can bond?

Maybe you discovered your true passion as you toured Italy and gazed at the painting in the Sistine Chapel.

Maybe you fell in love.

Whatever your memories of Salzburg, you likely remember it as a **semester that changed your life.**

Help us secure the future of this life-changing experience.

The Salzburg Endowment

The Salzburg Semester is a hallmark of the University of Redlands experience. With more than 2,500 alumni, the program continues to provide students with a life-changing opportunity to live and learn abroad.

To secure the future of this experience, the university has established the Salzburg Endowment. This fund will ensure that Redlands students for generations to come will enjoy the same opportunities and invaluable experiences of Salzburg alumni like you.

"It develops you far beyond what a textbook or what you would learn in a classroom. You change, completely and totally whether you realize it there or whether you realize it a semester later." —Lexi Baldisseri '04

"The process of my becoming began with Salzburg...."

And I shall never be the same."

—Steven Smith '80
